HOME-AUTOMATION MODULES

CODE DESCRIPTION PRICE £ (vat excluded)

001DD4IS	59.00	Flush-mounted, 4 digital-input module. 24 V DC, 41x29x9 mm.		
001DD8IS		Flush-mounted, 8 digital-input module. 24 V DC, 41x29x9.	69.00	
001DD4I4UT		Flush-mounted module with 4 digital-inputs open-collector outputs. 24 V DC, 50 mA, 41x29x9 mm.	94.00	
001DD8IUT		Flush-mounted 8-terminal module, programmable to be either digital inputs or open-collector outputs. 24 V DC, 50 mA, 41x29x9 mm.	105.00	
001DD2UR16		2 relay-outputs 16 A, NO contact. 2 DIN modules.	99.00	
001DM2UR16		2 relay-outputs 16 A with NO contact memory. 2 DIN modules.	109.00	
001DD4I4UR16		Module with 4 opto-insulated digital inputs and 4 relay-outputs 16 A NO contact. 4 DIN modules.	120.00	
001DM4I4UR16		Module with 4 opto-insulated digital inputs and 4 relay-outputs 16 A with NO contact memory. 4 DIN modules.	130.00	
001DD8UR16		8 relay-outputs 16 A NO contact. 6 DIN modules.	180.00	
001DD8UR6		8 relay-outputs 6 A NO contact. 4 DIN modules.	140.00	
001DD8I0PTO		8 opto-insulated digital-input module. 4 DIN modules.	80.00	
001DD4I4UR6		Module with 4 opto-insulated digital inputs and 4 relay-outputs 6 A NO contact. Flush-mount module 85x56x40 mm.	99.00	
001DD4I3UR6		Module with 4 opto-insulated digital inputs and 3 relay-outputs 6 A NO contact. Flush-mount module 85x56x40 mm.	89.00	
001DD4I2UR6		Module with 4 digital-inputs and 2 relay-outputs 6 A NO contact. Flush-mount module 85x56x40 mm.	79.00	
001DATC20A		Load management module with external amperometric transformer (AT). 2 DIN modules.	190.00	
001DA3U10V		3 analogic-output module 0-10V. 2 DIN modules.	120.00	
001DA2I10V		2 input Module 0-10 V. Flush-mount module 41x29x9 mm.	96.00	
001DAST025		Temperature gauge with +/- 0.5 ° C precision. It connects directly to the BUS of the heBus Home-Automation System. Can be housed in a profile end-cap of a standard flush-mounted series.	69.50	
001DDALI-32		Dimmer module able to control 32 DALI channels (1 channel = 1 lamp with electronic reactor for controlling the light intensity via a 2-wire DALI BUS). 3 DIN modules.	270.00	
001DDMX-512		Module for DMX control, able to command up to 512 DMX channels, standard connection to DMX bus via a 3 wire cable. 2 DIN modules.	290.00	
001DAUDIOX		Module for Tutondo and Vivaldi audio matrices control for sound diffusion systems. 2 DIN modules.	360.00	

COLOUR AND MONOCHROME TOUCH SCREENS

CODE	DESCRIPTION	PRICE £ (vat excluded)	
002DTS380M	3.8" blue, monochrome Touch Screen terminal, resolution 320 x 240. Supplied with the RS232 serial interface for connecting to CP series control units and the PC for programming. To complete with the 001DTS BOX04 flush-mount box and frame of choice. Complete with programming software.	340.00	
002DTS600C	6.4" colour Touch Screen terminal, 640 x 480 resolution. Ethernet Interface 10/100 BaseT. For image viewing from videocameras via IP protocol. Supplied with RS232 interface serial for connecting to the CP series control units. To complete with the 001DTS BOX06 flush-mount box and frame of choice. For programming it requires the 001DSWMAPC software.	1490.00	
002DTS800C	8.4" colour Touch Screen terminal, 800 x 600 resolution. Ethernet Interface 10/100 BaseT. For image viewing from videocameras via IP protocol. Supplied with RS232 interface serial for connecting to the CP series control units. To complete with the 001DTS BOX08 flush-mount box and frame of choice. For programming it requires the 001DSWMAPC software.	1890.00	
002DTS1000C	10" colour Touch Screen terminal, 800 x 600 resolution. Ethernet Interface 10/100 BaseT. For image viewing from videocameras via IP protocol. Supplied with RS232 interface serial for connecting to the CP series control units. To complete with the 001DTS BOX10 flush-mount box and frame of choice. For programming it requires the 001DSWMAPC software.	2390.00	
002DTS1200C	12" colour Touch Screen terminal, 800 x 600 resolution. Ethernet Interface 10/100 BaseT. For image viewing from videocameras via IP protocol. Supplied with RS232 interface serial for connecting to the CP series control units. To complete with the 001DTS BOX12 flush-mount box and frame of choice. For programming it requires the 001DSWMAPC software.	2890.00	

REMOTE CONTROL MODULES

CODE	DESCRIPTION	PRICE £ (vat excluded)
002DCPU128	Server unit for supervising the home-automation system from a PC, equipped with the 001DSWPC Software, in systems where there is no touch screen. Controls up to 128 devices (device = input, output, temperature, dimmer, etc.). It also features a Webserver application for connecting to a remote computer and an application for local WIFI connection of Smartphone, PC, iPhone and IPad devices fitted with Web browsers. Dimensions : 335x235x85 mm.	1400.00
002DCPU512	Server unit for supervising the home-automation system from a PC, equipped with the 001DSWPC Software, in systems where there is no touch screen. Controls up to 512 devices (device = input, output, temperature, dimmer, etc.). It also features a Webserver application for connecting to a remote computer and an application for local WIFI connection of Smartphone, PC, iPhone and IPad devices fitted with Web browsers. Dimensions : 335x235x85 mm.	1600.00

ACCESSORIES

CODE	DESCRIPTION	PRICE £ (vat excluded)
001DDRUSB	Kit of cables for programming home-automation modules and 002DTS380M touch screen via PC. The package contains the RS232-RJ11 interface for programming the home-automation modules, an RJ11 DIN guide socket and an RS232-USB converter. Complete with CD and programming software.	70.00
001DIF2UR6	2-relay interface 6 A NO contact. Flush-mounting module 60x37x23 mm.	54.00
009DC230V20A	Counter 20A/250 V AC, coil 230 V AC. 1 NO + 1 NC contacts.	40.00
009DC115V20C	Counter 20A/250 V AC, coil 440 V AC. 1 NO + 1 NC contacts.	43.50
001DPS1A012V	Parallellable switching power-supply unit, 230 V AC voltage - 12 V DC 2 A output current. 4 DIN modules.	70.50
001DPS1A024V	Parallellable switching power-supply unit, 230 V AC voltage - 12 V DC 1.5 A output current. 4 DIN modules.	65.00
009DC3X10NG4	BUS Cable for Home-automation System hejBus , FROR type 300/500 V, GR4, section 3x1 mm ² , external diameter 6.5 mm. 200 m coil.	300.00
009DTSLANX	Category 5 cross-cable for connecting directly PC to the 002DTS600C, 002DTS800C, 002DTS1000C, 002DTS1200C colour touch screens and to the 002DCPU128 and 002DCPU512 server units. For directly connecting without intermediate Hub.	18.00
001DSWMAPC	Software complete with license for programming the 002DTS600C, 002DTS800C, 002DTS1000C, 002DTS1200C colour Touch Screens and the home-automation modules. A license can be installed only in one PC and is for programming an unlimited number of touch screens.	600.00
001DSWPC	For managing the home automation plant via internet-connected PC . Installation requires either a 002DCPU128 or 002DCPU512 server unit.	108.00
009DVS01	1-channel videosever. For connecting analogic videocameras to the LAN network. Supplied with power-supply unit.	486.00
001DTSBOX04	Plastic flush-mounting box for the 002DTS380M terminal for standard installation (protrudes from wall surface by about 20 mm). Supplied with mortar cover.	2.00
001DTSBOX06	Stainless steel flush-mount box for the 002DTS600C terminal for low-key installing (protrudes by about 5 mm from the wall surface). Supplied with mortar cover.	38.00
001DTSBOX08	Stainless steel flush-mount box for the 002DTS800C terminal for low-key installing (protrudes by about 5 mm from the wall surface). Supplied with mortar cover.	45.00
001DTSBOX10	Stainless steel flush-mount box for the 002DTS1000C terminal for low-key installing (protrudes by about 5 mm from the wall surface). Supplied with mortar cover.	60.00
001DTSBOX12	Stainless steel flush-mount box for the 002DTS1200C terminal for low-key installing (protrudes by about 5 mm from the wall surface). Supplied with mortar cover.	70.50

FRAMES FOR TOUCH SCREENS

CODE	DESCRIPTION	PRICE £ (vat excluded)
001DCX380A	Silver plexiglass frame, for the 002DTS380M terminals. To use with the 001DTSBOX04 flush-mounting box.	67.00
001DCX380B	White plexiglass frame, for the 002DTS380C colour terminals. To use with the 001DTSBOX04 flush-mounting box.	67.00
001DCX380N	Black plexiglass frame for 002DTS280M terminals. To use with the 001DTSBOX04 flush-mounting box.	67.00
001DCX380X	RAL colour plexiglass frame (on request) for 002DTS380M terminals. To use with the 001DTSBOX04 flush-mounting box.	325.00
001DCF600A	Silver plexiglass frame, for the 002DTS600C colour terminals. To use with the 001DTSBOX06 flush-mounting box.	118.00
001DCF600B	White plexiglass frame, for the 002DTS600C colour terminals. To use with the 001DTSBOX06 flush-mounting box.	118.00
001DCF600N	Black plexiglass frame for the 002DTS600C colour terminals. To use with the 001DTSBOX06 flush-mounting box.	118.00
001DCF600X	RAL colour plexiglass frame (on request) for 002DTS600C colour terminals. To use with the 001DTSBOX06 flush-mounting box.	325.00
001DCF800A	Silver plexiglass frame, for the 002DTS800C colour terminals. To use with the 001DTSBOX08 flush-mounting box.	140.00
001DCF800B	White plexiglass frame, for the 002DTS800C colour terminals. To use with the 001DTSBOX08 flush-mounting box.	140.00
001DCF800N	Black plexiglass frame for the 002DTS800C colour terminals. To use with the 001DTSBOX08 flush-mounting box.	140.00
001DCF800X	RAL colour plexiglass frame (on request) for 002DTS800C colour terminals. To use with the 001DTSBOX08 flush-mounting box.	325.00
001DCF1000A	Silver plexiglass frame, for the 002DTS1000C colour terminals. To use with the 001DTSBOX10 flush-mounting box.	160.00
001DCF1000B	Silver plexiglass frame, for the 002DTS1000C colour terminals. To use with the 001DTSBOX10 flush-mounting box.	160.00
001DCF1000N	Silver plexiglass frame, for the 002DTS1000C colour terminals. To use with the 001DTSBOX10 flush-mounting box.	160.00
001DCF1000X	RAL colour plexiglass frame (on request) for 002DTS1000C colour terminals. To use with the 001DTSBOX10 flush-mounting box.	325.00
001DCF1200	Silver plexiglass frame, for the 002DTS1200C colour terminals. To use with the 001DTSBOX12 flush-mounting box.	250.00
001DCF1200A	Silver plexiglass frame, for the 002DTS1200C colour terminals. To use with the 001DTSBOX12 flush-mounting box.	250.00
001DCF1200B	Silver plexiglass frame, for the 002DTS1200C colour terminals. To use with the 001DTSBOX12 flush-mounting box.	250.00
001DCF1200N	Silver plexiglass frame, for the 002DTS1200C colour terminals. To use with the 001DTSBOX12 flush-mounting box.	250.00
001DCF1200X	RAL colour plexiglass frame (on request) for 002DTS1200C colour terminals. To use with the 001DTSBOX12 flush-mounting box.	350.00

GENERAL CONDITIONS OF SALE

GENERAL POINTS

This price list is exclusively meant for direct Came customers; it may, in some cases, constitute a direct offer from Came to third parties buying our products and shall not in any way bind Came to said end customers.

These general conditions apply to all purchase contracts for Came Cancelli Automatici S.p.A. materials, from hereon "the company".

2. OFFERS AND ESTIMATES

The company's offers are valid for maximum period of 30 days from the date they are sent.

3. ORDERS

The sales agreement is executed by written confirmation of orders by Jolly Motors S.r.l. or when the company carries out the order. Any orders addressed and signed by Came Cancelli Automatici S.p.A. clients constitute firm and irrevocable orders for 30 days from the date they are received by the company. Any changes or additions of single provisions of these general conditions of agreement or of single provisions of the order which was originally addressed by the client, have no validity whatsoever unless approved in writing by the company. For any changes to the order the company reserves the right to cancel both the changes and the original order.

The delivery date for the goods mentioned in the orders is always and in any case merely indicative and any delays of said terms may never constitute grounds for demanding compensation or winding up of the agreement. Particularly the company reserves the right to delay delivery times or to cancel the order in the event of: force majeure or events that are beyond the control and will of the company; changes in the Client's legal situation; difficulty in sourcing raw materials and component parts.

4. DELIVERY AND SHIPPING

The goods are delivered at the place where they are produced or at the company's operations facilities. The goods travel at cost and the buyer is fully liable for them, in case the transport goes via a and ex works port pursuant to incoterms 2000. Unless otherwise specified the company decides, on behalf of and on account of the client, on the type of shipment, routes and shipping firms that will be used. The company reserves the right to possibly partially execute or deliver orders, thereby issuing a separate invoice with each delivery: in this case all partial deliveries shall be invoiced autonomously and payment terms shall apply as of the date of each invoice; the client may not therefore defer payment on partial deliveries, to the completion of deliveries of the original order.

5. PRICE LISTS

Prices are for goods supplied at the company's works, VAT excluded, normal packaging included, and shipping costs not included.

Any reference to list prices shall mean the latest price list issued by the company, which cancels any previous price lists.

6. PAYMENT

If we do not receive payment within the agreed terms, late interest applicable under legs. decr. 09/10/2002 n. 231 (in acceptance of European Parliament and Council Directive 2000/35/CE and the Vienna Convention of 11/04/1980 ratified by the Italian State with L. 765/1985) and subsequent amendments, with no prejudice to any greater damage. In case of delayed payment, any losses due to exchange rates shall be owned by the client to the company. The client may not question nor request exceptions from the company, until it has paid for the goods it has purchased. The company reserves the right to block all shipments in being, and all supply orders in being should there be any problems with the payments, without giving prior notice and without owing any compensation of any kind.

7. RETURNS AND CLAIMS

We must receive all claims in writing within eight days of receiving the goods, whether the claims concern quantity or quality.

Returned goods shall be accepted by the company only after written agreement, and only for new goods complete with original packaging.

Any returned goods must also bear the transport bill, showing written authorisation to return the goods plus quantity and quality of the goods returned. Returned goods shall not given 'accepted' status unless delivered according to what is explained above and, any mere delivery to one of the company's premises shall in no way mean the goods have been accepted by the company.

8. GUARANTEE

This CONVENTIONAL GUARANTEE (or warranty) for business dealings or in case of the sale of goods for professional use, is provided in compliance with the provisions set for the Civil Code, art. 1512 and modifies the LEGAL GUARANTEE conditions which are alr. 1490 - 1495.

The company Guarantees the proper functioning of the supplied products that bear CAME Cancelli Automatici S.p.A. trademark. Validity of the GUARANTEE, unless otherwise agreed by the parties (*), is 24 months from the manufacturing date stamped on the product. The guarantee is subordinated to the respect of the technical specifications and proper state-of-the-art installation, safety and compliance with intended use, all of which is stated in the technical documentation supplied with the products.

The guarantee is limited to the repair and replacement of parts which Came Cancelli Automatici S.p.A. finds to have flaws, without this involving any extensions of the standing legal guarantee conditions or payment of damages of any kind.

The Guarantee does not cover consumer goods, installation activities, maintenance and assembly; for any damage or malfunctioning generated by factors which are external to the product, on existing yet-to-be made installations, or those caused by environmental interference of any nature that exceed the limit values established by law.

Also, the Guarantee expires in case of ascertained tampering with or improper use of the product.

Terms of implementation:

Unless otherwise agreed (*), the right to the Guarantee is exercised by showing a copy of the acquired document (i.e. the commercial invoice) to the other party involved.

The client must report any flaw to the seller within 30 days of discovering said flaw, and any legal action must be filed within 6 months of discovering the flaw, or the statute of limitations will apply.

The parts requiring the GUARANTEE must be shipped at the customer's expense to SERVICE at CAME Cancelli Automatici S.p.A..

The client may not request compensation for indirect damages, lost profits, loss of production and in any case may not demand payment for damages of sums greater than the value of the components or of the supplied parts.

Any cost due for transporting goods repaired or needing repair, even if covered by the guarantee, are borne by the requesting party.

No external action by company technical staff is covered by these Guarantee conditions.

These Guarantee conditions are applied to the domestic market and extended to international and European Union territories which apply the Vienna convention of 1980, as concerns the sale of goods.

Any issue whatsoever that may emerge from the sale agreement, shall be subjected to the laws of the Italian state, thereby excluding any other laws and in supplement to the Vienna convention on the international sale of goods. All disputes shall be subjected to Italian jurisdiction and come under the exclusive competence of the Court of Treviso (Italy) (**).

Court of jurisdiction: (art. 19 of the c.p.c.) Treviso.

(**) For clients residing in states that do not come under the Vienna convention of 1980, proper agreements (**) need to be entered into, as concerns the application of the convention itself or of the law of the country of destination.

(*) Specific modifications to the Guarantee conditions stated herein may be defined between the parties in their commercial agreements.

(!) 24 months of guarantee from the sale, are due private consumers by the end-seller, according to the regulations set forth by the 206/2005. The sales invoice is binding.

9. REPAIRS

Customer requested repairs on goods they have bought shall be carried out by the company after a written agreement specifying the price.

In any case all labour and two-way transport costs shall be borne by the client.

10. RIGHT OF OWNERSHIP

It is expressly agreed that, right of ownership for delivered goods remains with the company until the client pays the entire balance, regardless of who is in possession of said goods. Transport expenses and any other expenses needed to retrieve the equipment, therein including any extraordinary expenses as well as any repeatable ones, shall be borne by the client.

11. PATENTS, TRADEMARKS AND DISTINCTIVE SIGNS

The Client is aware that the products bearing the Came Cancelli Automatici S.p.A. trademark are protected by patents and result from know-how and design which are the exclusive property of Came according to Legislative Decree n. 30/2005 (Code of industrial property). The client is expressly prohibited from violating said Came Cancelli Automatici S.p.A. rights and in any case from removing, suppressing or in any way altering trademarks or other distinctive signs or logos of any kind from the products, and in the same way it is prohibited to affix any of any kind. Thus, it is prohibited to reproduce or use the Came Cancelli Automatici S.p.A. trademark in any way or any other distinctive sign appearing of the products, unless expressly agreed to in writing by Came.

12. WINDING UP CLAUSE

Pursuant to and by effect of art. 1456 of the Civil Code missed or delayed payment, even partial, by the client as per point 6 of the General Conditions of Sale shall result in the winding up performed of the agreement, with Came Cancelli Automatici S.p.A. retaining the.

13. 11. PROVISIONS ON THE SAFEGUARDING OF PRIVATE INFORMATION

Under the current privacy act, customers are informed that their personal data is stored in the company's databank. This is required for properly complying with both the agreement and the law, as well as for statistical, commercial, marketing, promotional, credit protection, management and suspension.

The personal information of the purchasing party are processed via automated and paper-based tools by authorised persons, in security conditions designed to guarantee the reserved nature of the information. The personal information of the client may be transmitted to Agencies, companies of the group, credit recovery agencies, namely, companies, consortiums or associations that operate in business, market research and marketing.

The company owns the processed information, and the client may turn to the company to exercise their lawful rights. To this end the purchasing party is hereby informed that at any time they may access their own personal information, ask for it to be updated, rectified or cancelled and/or request that they not longer be processed.

All of the content data is thoroughly checked.
In any event we are not liable for any errors and/or omissions.
We may change the contents of this catalogue at any time without notification.
